BackOffice Associates Acquires HiT Software

Leading Data Governance and MDM Solutions now coupled with world class Heterogeneous Data Integration and Change Data Capture.

South Harwich, MA and San Jose, CA, May 3, 2010—[BackOffice Associates, LLC](#), the leader in ERP [Data Migration](#), [Data Governance](#) and [Master Data Management](#) solutions for [SAP](#), [Oracle](#) and other ERP vendors, today announced the acquisition of [HiT Software®](#) based in San Jose, California. [HiT Software®](#), Inc., is a best of breed provider of heterogeneous [Data Integration](#) and [Change Data Capture](#) (CDC) software products for global organizations.

With this acquisition, BackOffice gains a powerful suite of [CDC](#) and [data access products](#) to integrate with its [Master Data Management](#), [Data migration](#) and [Data governance](#) solutions. HiT Software adds BackOffice Associates' state of the art platform [CranSoft®](#), along with industry changing utilities and technologies to enhance the capabilities of their product line.

“HiT Software’s extensive database support for a wide range of major relational databases will enable BackOffice to extend it’s capabilities into a broader customer base,” Said BackOffice Associates Co-founder and CTO [Tom Kennedy](#), “HiT further accelerates our ability to provide database independence for the entire BackOffice product line.”

“The combination of BackOffice Associates’ extensive solutions and HiT Software products will give customers more innovative, far reaching capability than ever before,” said HiT Software founder Giacomo Lorenzin, “BackOffice technology is 5-10 years ahead of other providers in the marketplace and now with the addition of HiT technology, BackOffice will continue to move products into the marketplace customers only dream about today.”

HiT Software will continue to provide the industry’s premier CDC software and all [HiT customers](#) will continue to be supported by their existing customer and support teams with the world class service they have come to expect.
